5TH ORGANISATION

The TRUCK & VAN exhibition showcasing vehicles, technological innovations and electromobility in the best possible way, is taking place in parallel, alongside the SUPPLY CHAIN & LOGISTICS trade show, at Metropolitan Expo exhibition centre.

Since 2017, the new section of SUPPLY CHAIN & LOGISTICS exhibition presents every type of commercial vehicle for cargo transport, distribution, special vehicles for city logistics, electromobility and technologies related to transport and logistics. The new era in logistics requires modern fleets, smart and autonomous vehicles, safety systems, innovations for cargo routing and of course reduced or zero fuel emissions within cities. The CARGO TRUCK & VAN exhibition responds to the need for transport modernization and presents all contemporary solutions that are now necessary.

FORUM ON TRANSPORT TECHNOLOGIES & ALTERNATIVE FUELS IN LOGISTICS

City logistics and urban distribution are taking on a new dimension. The country's inclusion in all European alternative energy development programs and the investment in charging stations for new electric vehicles are shaping a new, modern reality. Electromobility is the requirement of today, with the largest international automobile manufacturers investing in fully electric fleets of both heavy trucks and city logistics vans, while studies for dual-fuel professional fleets are now performing maximum results, ensuring real and reliable solutions for a market that is seeking and investing in new proposals. In an expanded business forum, all new developments, prospects and financing programs for the modernization of the transport fleet will be presented and discussed.

METROPOLITAN EXPO EXHIBITION CENTRE

The trade show will take place at the state-of-the-art Metropolitan Expo exhibition centre at the "El. Venizelos" airport in Spata, Attica (end of Attiki Odos). Today, the Metropolitan Expo is the most contemporary and modern facility in Greece, combining a multitude of advantages such as:

- State-of-the-art facilities and high quality services for exhibitors and visitors
- Easy access by car and public transport
- Next to the International Airport "El. Venizelos"
- Spacious free parking
- Restaurant, Cafe and Shopping in the airport's shopping park.

O.MIND CREATIVES

TRADE SHOWS • PUBLICATIONS • ADVERTISING

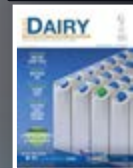

SINCE 2005

With a 20-year-long stable and successful course, O.MIND CREATIVES is active in the highly demanding field of organising exhibitions & conference events as well as the publication of sectoral printed material.

With a staff of experienced executives and established partners, O.MIND CREATIVES adopts an extroverted outlook and guarantees the excellent organisation of this two-part trade show, the SUPPLY CHAIN & LOGISTICS and CARGO TRUCK & VAN EXPO. Being held simultaneously, these two exhibitions aim to maximise commercial benefits through the promotion of transport and logistics services, as well as material handling technologies and commercial vehicles in the Greek, European and global market.

O.MIND CREATIVES boasts very successful business activities, such as the organisation of international exhibitions and conferences in the food industry, logistics and commercial vehicle sectors. As a publishing company, O.MIND CREATIVES publishes the sectoral – professional magazines SUPPLY CHAIN & LOGISTICS, MEAT PLACE, GRILL MAGAZINE and DAIRY NEWS, providing online information through 4 high-traffic websites and managing a large number of informative social media accounts.

All of the above places O.MIND CREATIVES among the 5 largest Greek companies in the exhibition sector, according to the recent ICAP sectoral study.
